

FINAL RESULT AND REPLACEMENT LIST

In accordance with the provisions of sections 7 and 8 of the terms and conditions of this call, and once the period established to present allegations has expired, the final result of the audition is published, indicating the persons selected in accordance with the points obtained. It will be necessary to have achieved a minimum score of 8 to be considered successful in the selection process.

Likewise, this publication includes a list, ordered by mark from highest to lowest, of the candidates who have passed the selection process but have not been hired because the maximum number of contracts for the corresponding tessitura has been filled, or who have not passed the selection period with a mark of 8 but have obtained a score equal to or higher than 6. It is this order that will determine the corresponding call.

The constitution of the corresponding temporary replacement list will remain in force for the seasons 2026-2027 and 2027-2028.

Staff who are recruited on a temporary basis shall be subject to the probationary period laid down in the employment regulations. Failure to pass the probationary period will result in exclusion from the replacement list.
